

September 2019

Dear Parent/Carer

PHOTO CONSENT

We use photographs of the children in school documents, on our website and sometimes in reports to local papers. These photographs never contain names of children and are usually of groups of children. We also have professional photographs taken of the children periodically which are made available for parents to purchase (individual, class groups, whole school).

When your child started school we asked for consent on their registration form for photographs being taken in school. This generic consent has on occasion led to confusion with parents giving verbal consent for some situations but not others. With this in mind we are asking **all** parents to answer for each of the categories stated below individually. **Please tick an answer for each question and return the completed form to your child's class teacher by Monday 23rd September.** Please note that in the event that we do not have a signed form or if some of the categories are unanswered it may mean that your child may not be included in any school photographs:

I give permission for photographs of my child to be taken in school and used as stated above:

Individual photograph **YES** **NO**

Class or whole school photographs **YES** **NO**

School website **YES** **NO**

External groups (e.g. local papers, visitors providing workshops to children) **YES** **NO**

If you wish to change these permissions at any time please contact the school office.
