

Year 5 termly information sheet

Welcome to the Summer Term

We hope you find the following information useful.

In Year 5 our P.E is on Tuesday and Friday. We will also be going to the field on some Fridays; dates will be released.

Mr Clements and Mr Bushell will teach in Year 5 on Tuesday mornings to cover planning, preparation and assessment time (PPA).

Reading books can be changed at any point throughout the week during Soft Start and all children are expected to read at least 3 times a week. Please can you ensure that reading is recorded at least three times a week in the reading record. This is to prepare the children for Year 6. Parents/carers must also sign the homework diaries before Friday each week. A member of staff will also sign the homework diaries on Fridays and check reading has been recorded.

Homework will be set on Friday using Google Classroom. All homework set will be due in on the following Wednesday unless stated otherwise. Spellings will be given out on Fridays and spelling tests will also be on Friday mornings.

Please let us know if you would prefer to receive the homework on paper.

How you can help at home:

- Listen to your child read and ask questions to check their understanding of a text
- Practise spelling rules and the spelling being tested that week
- Check all homework before submitting
- Recap on key arithmetic - addition, subtraction, multiplication, division and fractions

Please do not hesitate to speak to us at any time before and after school or by requesting a telephone call/sending an email. We are looking forward to working with your child this term.

Best wishes,

Year 5 Team

English - Write confidently in a range of text types, make purposeful choices during the rehearsal stage and accurate editing of work. Text types: Explanation text, Newspaper, Leaflet, Discussion text

Maths - Angles, problem solving involving the four operations, scaling by simple fractions and rates, converting units of measure, reading timetables and calculating time interval and interpreting statistical charts
